### OFFICE OF THE LEGISLATIVE COUNSEL

Monday - 7 October 1963

1. (Unclassified - JSW) Talked with Dr. Thomas E. Morgan about our early retirement bill which may be scheduled for floor action in the next few days. He was glad to be reminded of this since he had previously given his blessing to it. He stated he would do everything possible to support it.
2. (Internal Use Only - JSW) Delivered to Robert Michaels, CIA Subcommittee of House Appropriations, a revised draft of the letter which Chairman Cannon would normally send to the Agency approving its budget for the year. He will hold this until such time as the Cannon Subcommittee takes final action.
3. (Internal Use Only - JSW) Made arrangements with Pat Holt, Acting Staff Director of Senate Foreign Relations Committee, for John S. Warner to sit in on the briefing of the Committee by Secretary McNamara tomorrow morning. This was previously cleared with McGiffert of Defense and Lee Miller of AID.
4. (Internal Use Only - JSW) Talked with William Darden, Senate Armed Services Committee staff, to recheck the possibility of securing the transcript of McNamara's appearance before Senate Armed Services last week. He advised later that Mr. McCone's request for the transcript had been carried forward to the Chairman but the Chairman indicated he had made a rule on these transcripts but would be glad to make them available to the Director in the Committee rooms. I also asked Mr. Darden to raise the point again with Senator Russell of a meeting of the Subcommittee to receive appropriate briefing on various matters and hopefully to discuss our budget situation. Mr. Darden said he would take this up with Senator Russell.

5. (Unclassified - GLC) On the advice of Mrs. Barrett, in the office of Senator Joseph S. Clark, I talked with Dr. Garth Mangum, on the staff of the Senate Labor and Public Welfare Committee. I talked with Dr. Mangum about a letter we had received from Senator Clark, Chairman of the Subcommittee on Employment and Manpower, asking that the Agency provide the Subcommittee with any unclassified studies which we may develop in the field of manpower policies and programs in Communist Bloc countries.

Without indicating any participation by the Agency, I called to Dr. Mangum's attention the two studies released by Senator Jackson's Subcommittee on National Security Staffing and Operations, on staffing procedures and problems in the Soviet Union and Communist China. I also indicated that it was unlikely that the Agency would have any unclassified material in these areas but added that we would keep it in mind if such should be the case. Mangum was not aware of the Jackson Subcommittee reports. He appreciated our calling these to his attention. (Senator Clark's interest in this field was discussed with Miss Fosdick, on Senator Jackson's Subcommittee staff.) No further action is required on this item at this time.

6. (Unclassified - GLC) Left a message for George Murphy, Joint Committee on Atomic Energy staff, suggesting that he contact Assistant Secretary of State Dutton in connection with the Committee's interest in Georges Paques. (See Journal of 24 September 1963.)
